Thought For The Day
When we advance a little into life, we find that the tongue of man creates nearly all the mischief of the world.
—Paxton Hood

Vol. 42

Bowling Green State University, Bowling Green, Ohio, Friday, Feb. 28, 1958

No. 30

THE UNIVERSITY COLLEGIATE Chorale, shown above, will give its premier performance Sunday at 8:15 p.m. in the main auditorium. The group, composed of 50

selected members of A Cappella Choir, is directed by Dr. James Paul Kennedy.

Collegiate Chorale To Present First Home Performance Sunday Evening

Atomic-Powered Autos To Be Driven Along With Rocket Rides

(INS)—By the time rocket ships are making regularly scheduled flights between the earth and the moon, the American motorist may also be driving around in his atomic-powered automobile.

Looking forward to that day—perhaps 10 years hence—the Ford Motor Company styling office has designed the first scale model of a proposed atom-driven car—the "Nucleon."

The three-eighth size scale model dreamed up by Ford's chief stylist George Walker features a power capsule suspended between twin booms at the rear of the car. The capsule would contain a radioactive core providing motive power.

"The Nucleon was styled on the assumption that the present bulkiness and weight of Nucleon reactors and attendant shielding will some day be reduced," Walker said. "It seems reasonable that engineers eventually will discover a way to make this weight reduction possible."

Walker explained that cars like the "Nucleon" might be able to travel 5,000 miles or more, depending on the size of the core, without recharging.

"Power output," he added, "could be controlled at the driver's option, much as the intensity of the reaction in a nuclear pile is controlled."

The passenger compartment of the "Nucleon" features a one-piece pillarless windshield and compound rear window, and is topped by a cantilever roof.

There are air intakes at the leading edge of the roof and at the base of its supports. Temperatures inside the passenger compartment would be regulated electronically, making possible the use of fixed windows.

The "Nucleon" also has slit beam headlights adjustable for all road conditions and there are electronic devices to warn of approaching vehicles.

"This model," Walker said, "is an eloquent example of the extent to which research into the future is conducted by advanced stylists of Ford Motor Co. It indicates the stylist's unwillingness to admit that a thing cannot be done simply because it has not been done."

A compact air conditioning unit that operates on inside recirculating air at all times is being marketed by Pontiac Motor Division.

The unit, called "cool-pack," weighs only 100 pounds and measures 16 inches wide, 8.5 inches high and 13.25 inches long. It is mounted on the floor in the center of the front compartment and can be installed in about four hours.

The unit was developed by Pontiac and Harrison Radiator. Its builders say that when the blower is on "Hi" position it will move all the air in the car through the cooling coil twice each minute.

137 Applications Filed For University Boards

Chris Skodlar, chairman of the Student Leadership and Services Committee, announced that a total of 137 applications have been received for the various University committees and boards.

Interviews of all the applicants will begin sometime in the middle of March, Miss Skodlar said. The exact date will be released later.

Macbeth Tryouts Start

Tryouts for "Macbeth" will be held March 5 and 6 from 7 to 9:30 in Gate Theatre Aud., according to Donald C. Kleckner, associate professor of speech.

There will be a total of 42 persons cast, 30 men and 12 women. Scripts are available in the speech instructional center, room 5, Gate Theatre.

"Macbeth," a Shakespearean play, will be produced May 14 through 17, featuring a guest star from the Broadway stage.

FOUR GUEST SOLOISTS were featured in Verdi's "Requiem" presented Monday evening in the men's gym. 350 voices from the University choirs comprised the group. Accompanying the choirs was the Toledo Symphony Orchestra.

Bunn Elected To City Council

John W. Bunn, director of residential and plant operations at the University, was elected unanimously at a special City Council meeting Monday night to succeed Noel Apple as Third Ward councilman.

Apple resigned earlier this month to accept a position with the State Highway Department Division Office at Bowling Green.

Bunn has been at the University since 1939, when he became a history instructor in the extension schools.

In 1940 he was appointed assistant registrar and in 1941 registrar. He left the University in 1944 for a two-year hitch in the U.S. Army; and he returned in 1946 as registrar and director of admissions. In 1950 he became assistant dean of administration and was moved to his present capacity in 1951.

A native of Lorain, Bunn was graduated from DePauw University, Greencastle, Ind., and received a master's degree from Columbia University.

He is a member of the Chamber of Commerce Board of Directors, chairman of the Board of Trustees and former Sunday School Superintendent at the First Presbyterian Church and a past president of the Junto and Rotary Clubs.

Professor Richey Files Resignation

Robert D. Richey, assistant professor of speech, announced his resignation Feb. 25 from the faculty, effective June 8, to become managing director of the Players Club in Columbus, an amateur theatrical group.

Richey came to Bowling Green in September, 1948, as an instructor in speech. He holds both a B.A. and M.A. degree from Ohio State University and has completed considerable work toward his doctorate.

He has served on theatre staffs at Biarritz American University (France), Ohio State, Kansas State College, BGSU, and the Huron Playhouse. He also has directed for the Fort Findlay players and the Port Clinton theatrical group.

His range of experience runs through children's theatre, Shakespeare, musicals, modern comedy, and serious productions.

At Columbus, he will direct five plays per year. He will not do any teaching as such.

"I will be sorry to leave," stated Mr. Richey, "but I am looking forward to doing strictly dramatic work."

Prof. Richey succeeds Dr. Roy H. Bowman, who has resigned to join the OSU faculty.

IFC Representatives Boosted From 2 To 3

A new policy was instituted by the Inter-fraternity Council The adoption of a meeting room has made it possible for the membership to be expanded to three representatives, for each fraternity.

Previously membership constituted a senior representative, usually the president of the fraternity, and a junior representative. To facilitate a more active participation in the many IFC committees, a third member was added, hereby relieving the presidents from membership on these committees.

World Views

MANCHESTER, ENGLAND—Thirty-four persons were killed Thursday when a chartered British airliner carrying 39 car dealers and three crewmen crashed into a desolate snow-covered hill in dense fog.

The eight survivors, who included the pilot, co-pilot and stewardess, all were injured in the crash.

TUNIS—Tunisian President Habib Bourguiba Thursday urged the Western Powers to prevail on France to negotiate a peaceful solution of the Algerian rebellion.

"France's Allies," he said, "must convince her that a solution of the Algerian problem can never be obtained by force of arms."

PARIS—The North Atlantic Council disclosed yesterday that NATO is making an extensive study of disarmament and other problems which would be discussed at an East-West Summit Conference.

A communique from the Council said: "Important problems connected with preparation of such a possible conference, including various proposals for easing world tension, are being studied."

SANTA MARIA, AZORES—The captain of a plane Thursday reported sighting a rubber dinghy in the sea off the Northern Azores, giving renewed impetus to the hunt for a U.A. Navy plane missing a week with 22 aboard.

TEHERAN, IRAN—The Iranian government reported yesterday the arrest of a number of persons who had conspired to overthrow the government with the aid of citizens of an unidentified foreign nation. Reliable sources said the foreign power was a Western nation, not a member of the Communist bloc.

SEOUL—South Korean national police said yesterday that three men have confessed taking part in the successful north Korean plot to hijack a commercial South Korean plane on Feb. 16.

JACKSON, MISS.—At least 12 persons were killed Wednesday night when a series of tornadoes lashed widely separated parts of Mississippi. More than 100 were injured. The eight twisters struck generally along a line east of Meridian and north of Jackson, demolishing many homes and buildings, and leaving a number of rural communities without communication.

Compiled from the wires of the International News Service

Pi Week Events Listed; Serenade, Tea Planned

At the stroke of midnight on Sunday, March 16, the re-sounding boom of a cannon will denote the beginning of the 16th Annual Pi Week of Pi Kappa Alpha Fraternity. Pete Gerace, general chairman for Pi Week, said that a full agenda of events is planned.

Eva Marie Saint was named as the first Dream Girl of

PIKA during the first Pi Week in 1942. Gerace further stated that preliminaries are already under way for choosing the Dream Girl for this year. The first in a series of teas and dinners was held Sunday, Feb. 23 at the house with 80 freshman girls attending.

The second of the series will be held on Sunday, March 9, at which time a selected group of freshman women will attend. Ten finalists will be selected from these and be guests at a formal dinner on Thursday of Pi Week. Reigning over the entire week's festivities will be last year's Dream Girl, Judy Johnson.

Outlining the week's activities, Gerace mentioned that on Monday evening a dinner will be given for all sorority presidents. This will be followed on Tuesday night by PIKA's annual all-campus serenade during which all sororities and women's residences will be presented with cherry pies.

On Wednesday evening from 7-10 p.m., the annual pie-eating contest will be held in the Women's Gym. As is the custom, there will be skits by each fraternity and sorority to present its representative for the contest. Rotating trophies will be awarded the winners of the pie-eating contest as well as the fraternity and sorority presenting the winning skit.

The ten finalists for Dream Girl have their dinner on Thursday and on Friday a basketball game with one of the sororities will be played in the Women's Gym. Afterwards there will be a closed party for the brothers and their dates at the PIKA house.

An orchestra from Marion will provide music for the all-campus Dream Girl Dance on Saturday night. The dance is scheduled for the Women's Gym from 9-12. During the intermission, the

Dream Girl of 1958 will be presented. Gerace added that the winner will then be entered in the Pi Kappa Alpha National Dream Girl contest.

Assisting Gerace in handling the week's activities are; Bill Hubler, dream girl teas; Don McFadden and Hugh Miller, pie-eating contest; Erle Ellis, house party; and Mike Wise and Roger Graham, Dream Girl Dance.

Workshops Fill Summer Weeks

Nineteen workshops and special courses are included in the 1958 summer school schedule at Bowling Green State University.

They include:

School Publications, June 9-13; Audio-Visual Aids, June 9-27; Community Resources (at Lima), June 9-27; Children's Literature, June 9-27; Rocks and Minerals, June 9-27; Athletics and Physical Education, June 9-27; Elementary and Junior High Science, June 30 to July 18; Community Resources, June 30 to July 18; Summer Theatre at Huron, O., June 22 to August 16; Geology Field Course in Colorado, July 28 to August 29; Conservation Education at Camp Muskingum, June 16 to July 19; Health and Physical Education, June 30 to July 18; Art for Elementary Teachers, July 21 to August 2; School Personnel Problems, July 21 to August 2; Driver Education, July 21 to August 1; Kindergarten, July 21 to August 8; Teaching Slow Learners, July 21 to August 8; Junior High School Instruction, August 4-21; and Creative Dramatics, August 4-22.

One hundred forty-six courses in 23 fields will be offered by Bowling Green in its summer schedule. Of this total, 86 will be offered during the first summer session, June 16 to July 18, and 60 will be given during the second session, July 21 to August 22.

Six semester hours may be earned in each session.

In the graduate school, courses will be offered leading to the master's degree in art, biology, education, English, health and physical education, history, industrial arts, psychology, sociology and speech.

1,186 Name BG As First Choice

Almost 1200 high school seniors, all of them from the top of their respective classes, have indicated that they would like to continue their education at the University, Dr. Ralph W. McDonald said at a recent press conference.

For many years, he explained, the State Department of Education has administered annually a General Scholarship Test to the top-level group of seniors who are scheduled to graduate in June from Ohio high schools. Only students in the upper scholarship brackets are invited to take the tests, he said.

Since being invited to take the test has come to be considered quite an honor, Dr. McDonald said, practically every person who is eligible is actually present for the test. Colleges and universities throughout the country give great weight to the scores made on this test by high school graduates, he continued.

When the student fills out the test blanks, Dr. McDonald said, he enters on the form the name of the college or University which is his first choice for his college education.

"It is gratifying to note," he said, "that this year 1,186 of these outstanding high school seniors indicated Bowling Green as their first choice for their college education."

In concluding he explained that the number of students listing the University as their first choice has grown steadily each year. He cited the following figures:

1951, 340; 1952, 397; 1953, 413; 1954, 592; 1955, 568; 1956, 773; 1957, 1,010 and in 1958, 1,186.

The University Collegiate Chorale will present its premier performance on campus Sunday at 8:15 p.m. in the main auditorium.

The Chorale, which was organized this fall by Dr. James Paul Kennedy, chairman of the music department, is composed of 50 selected members of A Cappella Choir.

The program will be composed of a variety of sacred and secular numbers. Motets will include "Sing Unto The Lord A New Song," a double choir number by Heinrich Schutz, and "Who With Grieving Soweth," by Schein, which will be sung in German.

A series of madrigals will also be presented, several of which will include, "Haste Thee Nymphs," by Handel, and "Echo Song," by Di Lasso. Numerous Contemporary Works and Folk Songs will also be on the program.

Members of the Chorale include: Mary Ann Dalton, Barbara Rodenberger, Ann Sesok, Jean Weidman, Carolyn Collins, Judy Beatty, Arla Oechsle, and Mary E. Smith, first soprano; Joyce Evans, Janet Roemer, Charlotte Bliesch, Phyllis Smith, Mary Rae Smith, Linda Gee, Joan Gilbert, and Elaine Adams, second soprano.

Brenda Boyce, Barbara Fausey, Virginia Roller, Georgia Schuldt, and Andrea Stolzenburg; first alto; Barbara Hart, Carolyn Krummeyer, Linda Phetteplace, Susan Sweeney, Maxine Boger, Susan Palumbo, Sandy Sperzel, and San Merrick, second alto.

Gene Davis, Jim Steidtmann, Don Stover, Jim Wilson, Dick Schroder, first tenor; Doug Cornell, Ross Cornell, Gene Wilson, Bill Dow, Mark Deerwester, and Bill Krous, second tenor.

Dick Dean, Jim Hardy, Tom Alverson, and Darrell Rader, baritones.

Curtis Kuenzli, Michael Holian, Ray Rideout, Bill Park, and Don Caldwell, basses.

Two One-Act Plays To Be Given Today

"Sorry Wrong Number" and "The Bathroom Door," one act plays, will be produced March 7 in the Gate Theatre, stated F. Lee Miesle, assistant professor of speech. These plays are directed as a class requirement by the students of Prof. Miesle's directing class.

"Sorry Wrong Number," a play revolving around a bed-ridden woman who believes her murder is being plotted over the phone, is under the direction of Robert Kinstle. Lillian Korba has the leading role. Others in the cast include John Bell, Lillian Cook, Johanna Lewis, Vic McKeever, Marilyn Myers, Michael Pheneager, and James Vogelsang.

"The Bathroom Door," a comedy farce which takes place in a hotel corridor as many people try to gain entrance to the only bathroom on the floor, is being directed by Margaret Loving. Auden Matisck is cast in the leading role. Others in the cast are Gene Bowman, Robert Coucher, David Granger, Nancy Holloway, and Betsy Sternberg.

IFC Office Located In Elementary Bldg.

For the first time in the Interfraternity Council's history, a centralized office has been established to handle business of the council and other matters concerning Greek life, stated Douglas Eggleston, IFC president. This office is located in the basement of the Elementary Bldg., next to the KEY office, and is now officially in operation.

Eggleston stressed that the University has cooperated to the fullest extent in helping to set-up and furnish this office. It was originally planned to provide chambers for the IFC in the new University Union but a change in the floor plans necessitated finding other quarters.

The new office consists of three rooms, a reception room, a conference room, and an executive room. Conference hours are now being drawn up and a telephone will be installed to help conduct business.

Editorially Speaking Surging Forward

It is extremely encouraging to note that the reputation of the University is growing by leaps and bounds. This fact is borne out with the report that almost 1200 top-level high school seniors indicated the University as their first choice as an institution of higher learning.

The report takes on greater significance when we consider that in the relatively short period of eight years the number of students selecting the University as their first preference on the General Scholarship Test administered by the State Department of Education has quadrupled.

Still of greater importance is the fact that these students are the top in their high school classes and therefore have the opportunity of attending numerous institutions of higher learning throughout the nation.

In the same respect it is obvious that the majority of these students not only list the University as their first choice but actually carry through and attend the University. This is substantiated when we consider the extremely high retention rate being maintained at the University and the reduced number of drop-outs due to academic failure.

Yet, we must not become complacent. We are in the tail end of a great transitional period; a period that is changing us from a relatively small home town college to a highly diversified and well-known University. Needless to say the complete transition will not evolve overnight. It will take time, hard work and change. Yet, in order to accomplish this we must all work and strive together to enable the University to reach and maintain this goal.

As the physical plant expands and as the academic phases of the University continue to rise we too must grow by surging forward. For as the University Union is now a reality so too, in time, will the transitional period finish its evolving cycle.

Interview Schedule

Interviews will be held by the following companies from 9 a.m. to 5 p.m. in the Placement Office.

Mar. 3

S. S. Kresge Co., Detroit, Michigan; interviewer, A. Fairbanks. Interested in all types of majors in management training program. John Hancock Mutual Life, Toledo; interviewer, Jas. Findlay. Interested in all types of majors for sales training program.

Dana Corporation, Toledo; interviewer, M. Metzler. Interested in accountants.

Mar. 4

Parke, Davis and Co., Detroit, Michigan; interviewer, O. Osterland. Interested in accountants, chemists, female biologists, and bacteriologists.

B. F. Goodrich Co., Akron; interviewer, W. Burch. Interested in Liberal Arts and Business Administration students in accounting, chemistry, and production management.

May Co., Cleveland; interviewer, Little. Interested in all types of majors in management, retailing, and accounting.

Mar. 5

Joseph Horne Co., Pittsburgh, Pa.; interviewer, Donald Coan. Interested in Liberal Arts and Business Administration students in management training program. Ohio Oil Co., Findlay; interviewer, J. Patterson. Interested in sales and accounting training program.

Mar. 6

Allied Stores of Ohio, Polsky's-Akron, and Sterling Lindner Davis-Cleveland; interviewers, Marks and Kelso. Interested in retailing, buying, sales, and management training program.

American Greetings Corporation, Cleveland; interviewer, Clyde Sullivan. Interested in Liberal Arts and Business Administration graduates for training program, (Art and English also).

Mar. 7

Campbell Soup Co., Napoleon; interviewer, R. Burgstrom. Interested in traffic, accounting, production management, and purchasing.

Due to economic conditions, the following companies have cancelled their proposed interview date for this semester.

Republic Steel Corp. — Mar. 5; National Carbon Co. — Mar. 6; Thompson Products Co. — Mar. 7; Glidden Co. — Mar. 7; Bessemer and Lake Erie R.R. Co. — Mar. 13; and the U.S. Steel Co. — Mar. 18.

Army Cadets Receive Branch Assignments For '58 Commissions

The Army ROTC unit has just received the branch assignments of the ROTC Cadets being commissioned in June and August of 1958.

Nearly 52 per cent of the individuals have received their first choice as to the branch they desire to join, with most of the rest receiving their second or third choice.

Assignment of the branch of service depends upon four factors. First, the Cadet indicates his desire as to the branch by indicating five choices in order of preference. Second, their academic and scholastic background is considered. Third, a board consisting of Army officers and one faculty member of the University, make recommendations. Fourth, the needs of the Army at the time for officers in the various branches.

The 48 MS IV Cadets and their assigned branches are Infantry: John Blake, Laurence Burde, Robert Carlson, Dale Carte, Dale Christensen, Larry Crites, John DeMarco, Richard Fulton, Bruce Hammond, Richard Kneiss, Floyd Lennox, Jack Luedemann, Brian McCall, Gregory Mee, John Michael, Larry Morrison, Thomas Stokes, Steve Takacs, Robert Thompson, and Richard Winder.

Artillery: James Bachman, Marvin Bihn, William Brannan, Raymond Dumont, Hugh Miller, Frank Romaker, Gary Schlenk, John Sebo, Roger Sellers, Ronald Tate-man, Donald Wangler, and David Wink.

Military Police Corps: James Derr, Elden Hopple, Hal Meyers, and John Thompson. Quartermaster Corps: Thomas Arwood and Edward Lauber. Adjutant General's Corps: Tom Edie and Dean Matheny. Transportation Corps: Gerald Hackett and Dale Hungerford. Armor: Bruce Brown. Corps of Engineers: Donald Charlton. Ordnance Corps: Edward Hora. Military Intelligence Corps: Roger Smith. Finance Corps: Donald Wilson. Signal Corps: Stuart Howes.

Psyc Deadline Set For Assistantships

March 1, is the deadline for filing assistantship applications for graduate work in psychology.

The University's psychology graduate program offers the Master of Arts degree in general, experimental, clinical and industrial psychology.

Graduate assistantships have stipends of \$1,000 and several paid dormitory counselorships are offered.

Dr. John E. Wenrick, chairman of the psychology department, may be contacted for further information.

Eastman Music Major Presents Violin Recital

Paul Makara, violinist from the Eastman School of Music in Rochester, N.Y., will present a recital tonight at 8:15 p.m. in the recital hall of the Hall of Music.

Miss Myrtle Jensen, associate professor of music, will accompany Mr. Makara at the piano.

Mr. Makara will play "Sonata in B Flat Major," (Kochel 378), by Mozart; "Introduction and Rondo Capriccioso," by Saint-Saens; and "Symphonie Espagnole," (three movements), by Lalo.

Reds May Launch Moon-A-Month

By ARTHUR KRANISH

(INS)—Government scientists have said that they have gotten "very, very important" information from Russia's Sputniks and predicted the Reds will launch a moon-a-month for the rest of the year.

They indicated the U.S. will try to send up at least nine of its own satellites before 1959, raising the possibility of 22 moons in orbit by next January.

The predictions were contained in secret testimony given before the house appropriations committee late last month, and released in censored form today.

U.S. satellite officials said they have learned so much from the two Russian Sputniks that they will need approximately \$2,100,000 in emergency funds to expand their studies.

Hugh Odishaw, executive director of the U.S. program for the International Geophysical Year, made it plain that American scientists gained information from the Sputniks without any aid from Russian officials.

Odishaw and others pointed out that the Red satellites transmitted tracking signals on a 40 megacycle radio band although it generally had been agreed in advance that the 108 megacycle band would be used, as it is on the Army's "Explorer" satellite.

There was no indication in the testimony as to whether the U.S. has succeeded in breaking the code used by the Reds in sending back information from instruments aboard their satellites.

The scientists said that the Russian wavelength has proved inferior for tracking purposes but nonetheless has opened the way for "very valuable" studies of the ionosphere.

The ionosphere is a heavily charged layer of air which is vital to communications and may play an important role in the earth's weather patterns.

BG Places Third In State Debate

The University men's debate team took third place in the Men's State Debate Championship, which was held Friday and Saturday, Feb. 21 and 22, at Capital University.

Heidelberg College won the championship winning 10 while losing two. The Bowling Green team had seven wins and five losses.

Larry Gardner and Robert Kinstle, negative, defeated the University of Akron, Denison, John Carroll, Ohio Wesleyan, and Wooster College, while losing to Kent State University.

Hugh Convery and Robert Rask, affirmative, defeated Muskingum and Wittenberg, while losing to Oberlin, Heidelberg, Ohio University, and Ohio State University.

Official Announcements

Applications for women interested in residence hall counseling next year will be available from the Head Residents of the women's residence halls and in the Office of the Dean of Women, beginning February 28.

Veterans are reminded to sign up for their February checks March 3-5 in the Placement Office.

200 World Students Inquire About BG

Foreign student inquiries to attend the University in 1957 amounted to 2,000. This is about the same as 1956 when 216 students wrote to the University.

The graduate school had 89 entries. Liberal Arts subjects had the greatest appeal but many of the inquiries were classified as interested in engineering. Business Administration courses which are not offered on the graduate level were next in demand, especially from Free China.

On the undergraduate level, the greatest demand, 33 inquiries, were for the College of Education with 17 students from Hawaii showing an interest in teaching. The College of Liberal Arts was close with 32 letters.

Out of the 220 students, 157 needed financial assistance to attend the University. In fact, probably 90 per cent of these financial inquiries do not write back the second time when they discover that the University does not offer full scholarships which would include tuition, fees, room, and board.

Some of the students especially from the Far Eastern countries had a language deficiency in English and were discouraged for this reason. Due to the fact that the University does not offer English as a foreign language, it prevents many from enrolling.

THE PLEDGE YOU SAVE MAY BE YOUR OWN

Today's column is directed at those young female undergraduates who have recently pledged sororities and are worried, poor lambs, that they won't make good. Following is a list of simple instructions which, if faithfully observed, will positively guarantee that you will be a mad success as a sorority girl.

First, let us take up the matter of housemothers. The housemother is your friend, your guide, your mentor. You must treat her with respect. When you wish to speak to her, address her as "Mother Sigafos" or "Ma'am." In no circumstances must you say, "Hey, fat lady."

Second, let us discuss laundry. Never hang your wash on the front porch of the sorority house. This is unsightly and shows a want of breeding. Use the Chapter Room.

Third, meals. Always remember that planning and preparing meals for a houseful of healthy girls is no simple task. Your cook goes to a great deal of trouble to make your menu varied and nourishing. The least you can do is show your appreciation. Don't just devour your food; praise it. Exclaim with delight, "What delicious pork jowls!" or "What a yummy soupbone!" or "What scrumptious fish heads!" or "What clear water!"

Fourth, clothing. Never forget that your appearance reflects not just on yourself but on the whole house. It was well enough before you joined a sorority to lounge around campus in your old middy blouse and gym bloomers, but now you must take great pains to dress in a manner which excites admiring comments from all who observe you. A few years ago, for example, there was a Chi Omega named Camille Ataturk at the University of Iowa who brought gobs of glory to all her sorors.

Camille hit on the ingenious notion of suiting her garb to the class she was attending. For instance, to English Lit she wore a buskin and jerkin. To German she wore lederhosen and carried a stein of pilsener. To Econ she wore 120 yards of ticker tape. Her shiningest hour came one day when she dressed as a white mouse for Psych Lab. Not only her Chi Omega sisters, but the entire student body went into deep mourning when she was killed by the janitor's cat.

Finally, let us take up the most important topic of all. I refer, of course, to dating.

As we have seen, the way you dress reflects on your sorority, but the men you date reflect even more. Be absolutely certain that your date is an acceptable fellow. Don't beat about the bush; ask him point-blank, "Are you an acceptable fellow?" Unless he replies, "Yeah, hey," send him packing.

But don't just take his word that he is acceptable. Inspect him closely. Are his fingernails clean? Is his black leather jacket freshly oiled? Is his ukulele in tune? Does he carry public liability insurance? And, most significant of all, does he smoke Marlboros?

If he's a Marlboro man, you know he's a lot of man. You know he has taste and discernment, wit and wisdom, character and sapience, decency and warmth, presence and poise, talent and grit, filter and flavor. You will be proud of him, your sorority will be proud of him, the makers of Marlboro will be proud of him, and I will be paid for this column.

The makers of Marlboro wish to announce that Mr. Shulman has been paid for this column and will continue to be paid for bringing you his homely philosophy throughout the school year.

Unbeaten Flashes Host BG Grapplers Saturday

"They are undoubtedly the cream of the conference," Coach Bruce Bellard, of the Bowling Green Falcons' wrestling squad, said this of the undefeated Kent State Flashes' squad, which the Falcons grapple with at Kent tomorrow.

The Flashes are "loaded" with talent, with four of the starters conference champions. In the 137 pound division, Clarence McNair will be gunning for another win over BG's John Smith. Coach Bellard had high praise for Smith, especially after the Ohio State match.

"That has to be, by far, the best match John has ever wrestled since he has been at BG," he claimed.

The other conference champs for Kent are Ken Koenig, in the

147 pound class, Frank Fiore, 177 pounder, and Les Nader, who will compete in the heavyweight division. The fabulous Flashes, coached by one of the finest coaches in the country, Joe Begala, will have a lot to handle, though. Except for Kenny Vance, who will miss the final regular match of the year because of hepatitis, the Falcons will be at full strength.

"Sure they are tough, but we're ready to give them the battle of their lives," replied coach Bellard. In his sixth season as Falcon coach, he believes this to be, by far, "the finest wrestling team we've had at BG. We'll have the best record of any squad in our history, even if we bow to Kent."

The Falcons, sporting an 8-2 record, will be looking forward to the conference championships at BG, March 7-8. To oppose the

Flashes' champions, the Falcons will have Bob Morrill in the 177 pound class and Karl Koepfer in the heavyweight division. Bellard still is not sure in the 167 pound division, left vacant by Vance's sickness. The other Falcon grapplers are Ed Brodbeck, in the 123 pound class, Howard Ferguson, a 130 pounder, Bob Dake, 147 pound grappler, and Jim Comella, who will be ready in the 157 pound division.

Since the league champion is not crowned by percentage, but by victory in the Mid-Am tournament at BG next week, a Falcon victory would not mean the championship, but just another victory. Concerning the Mid-Am meet, coach Bellard was quoted as saying, "We will give a very good account of ourselves. We will be strongly in contention for second,

but the Kent squad is the team to beat."

About his highly successful season, Bellard had this to say. "These boys are the best wrestlers we've ever had and the sophomores have come through in fine fashion."

Bellard went on about the prospects for next season, "We've got one of the toughest freshman teams we've had in our history and that will help us tremendously next year. Brodbeck and Koepfer are the only top wrestlers we'll lose. The rest of the squad is composed of sophomores."

After the Kent meet and the Mid-Am championships, the team will travel to Cleveland for the Four-I tournament, which attracts the best wrestlers from the Midwest and the East, March 14 and 15.

Cooper's Record Shows 109 Wins In 13 Year Tenure As BG Coach

The Falcon swimming team has been the Mid-American Conference champions for the last two years. This year, they are well on their way to an unprecedented third straight title. Several great swimmers dot the Falcon lineup, but it is not just a few great swimmers that make a great team. The man that makes the Falcon swimmers a perennial contender is coach Sam Cooper.

Since coming to Bowling Green as head swimming and cross-country coach in 1946, Cooper's teams have compiled a sterling record of 109 wins and 28 defeats. From 1946 to 1950, Cooper coached teams won four successive victories in the now defunct Ohio College Relays. In MAC competition, the Falcons have finished third once, runnerup twice, and first the last two years.

It is interesting to note that every Bowling Green swimming record that is now standing in the record book was set during coach Cooper's tenure as coach.

Cooper was the captain of the football team at Oberlin College, playing end. In basketball, he held down a guard slot, and ran the quarter and half mile on the track team, graduating in 1936.

His first teaching position took him to Sandusky High School as assistant football coach. In 1938 he moved to Bellevue High School, where he himself had starred on the football, basketball, and track teams while in high school. At Bellevue, Cooper reigned as head football, swimming, and track coach before beginning a 31 month tour in the Navy as an officer in 1942.

It was in 1946 that Cooper as-

sumed the head swimming and cross country duties at Bowling Green, also being the assistant track coach. In 1949, he became chairman of the Health and Physical Education Department.

That's the story on one of the nation's most successful swimming coaches.

Wrestlers Triumph Over Western, 26-6

Spurred by a 15 point spurge midway through the meet, the Bowling Green wrestling team ran over a weak and wobbly Western Michigan squad, 26 to 6, Wednesday night.

Eddie Brodbeck rolled up a 13-1 score against Ray McAdams of Western in the opener. In the next five minutes Howie Ferguson, John Smith, and Bob Dake all pinned their opponents to extend the score to 18-0. Dake dropped his man in 47 seconds.

Paul Marko of BG was edged 3-2 by Bill Karpinski in the 157 lb. event, and BG's Paul Behrens was shut out, 8-0, by Dick Olmstead.

Bob Morrill and Karl Koepfer won their matches.

Tankers Oppose Undefeated Bobcats In Quest Of Conference Championship

The swimming championship of the Mid-American Conference is at stake Saturday, March 1, when the defending champion Falcons engage the Bobcats of Ohio University in the Natatorium.

Both teams have gone undefeated this year in dual meet competition. They have met two common teams, Notre Dame, and Kenyon. The Bobcats smashed Notre Dame 59-27, while the Falcons swept all the first places and won 64-22. Ohio University barely squeaked by Kenyon 45-41.

The meet shapes up as a battle of champions in the individual events as well as teams. Don Worsfold, the Falcons' MAC freestyle sprint champion, will be up against probably his toughest opposition of the year in Bobcat Tom Burns. Burns, a sophomore, is undefeated in both the 50 and 100 yard freestyle events. He has gone as low as :23.3 in the shorter distance as compared with :23.5 for Worsfold.

Bob Kinney, another OU sophomore, has done the 200 yard butterfly event in 2:29.8, while BG's Keith Miller has a comparable 2:30.2 in the event.

Don Dowd and Jim Forsythe form a brilliant one-two punch in the backstroke, which Ralph Eakins will have to overcome. The Bobcat captain, Al Pephart, has swept to four straight victories in the breaststroke, and John Thompson will have his hands full to win. Bob Coppelino is another tough man for the boys from Southeastern Ohio in the 400 yard freestyle.

A terrific show should be in order when Jack Michael engages Ralph Sommers in the three meter diving contest. Sommers has walked off with four firsts in competition this year, while Michael has shown up well for the Falcons.

Bowling Green's greatest strength will probably lie in the relay events, where they hold a definite edge in comparative times. The 400 yd. medley relay for instance shows OU with a time of 4:11.4 as compared to a very fast 4:02.5 for the Falcons.

The Bowling Green Falcons swept nine of the ten first places Wednesday as they drowned Wayne University 65-19 in the Natatorium.

The highlight of the meet came in the 200 yd. butterfly event. Falcon Keith Miller put on a late rally to push teammate John Thompson to a new varsity record of 2:28.2.

Other Bowling Green firsts came in the 400 yd medley relay, Bill Muir in the 220 yd freestyle, Dave Clark in the 50 yd freestyle, Ray Martin in the 200 yd backstroke, Jim Hart in the 440 freestyle, Gerald Dewey in the 200 yd. breaststroke, and the 400 yd. relay team.

Jack Michael easily annexed the diving competition, with Jerry Roberts coming in second.

Ralph Eakins, taking it easy in preparation for the Ohio University meet tomorrow, didn't swim in his specialty, the 200 yd. backstroke, but did enter the 400 yd freestyle. He went the distance using the backstroke, and almost managed a win, losing by about three feet.

Women Swimmers Conquer MSU, OSU

The women's 100-yd relay team remained undefeated this year in winning the triangular meet with Michigan State University and Ohio State University, 65-64-38 respectively, Feb. 22, in the last meet of the season. Gladys Griesmer, Pat Monasmith, Nomie Premo, and captain Dona Rae Whitaker made up the winning team.

Judy Cronk took the only other BG first place, swimming the 50-yd butterfly event in 4:05. Adella Grove suffered her first diving defeat in two years by losing to Micky Worsfold of MSU.

Both MSU and OSU took four firsts apiece, but it wasn't enough to win the meet. MSU was ahead until the last event, the synchronized swim routine, which was won by OSU. Linda Tieman and Miss Grove placed third and Joy Hall and Nel Worsfold took fourth place to pull one point ahead of MSU and win the meet.

Water Polo Begins Soon

Water polo games will be held at 1 p.m. Sunday, March 2 at the Natatorium. The entries are due by this Saturday, March 1.

The teams will consist of five men. The best three out of five points per match wins.

THREE SWIMMERS ARE caught by the camera as they are on their way into the water in a recent swimming meet held in the BG Natatorium.

Falcons Down Loyola In Thriller; Dump Broncos In Season's Finale

Paced by Jim Darrow and Jim McDonald Bowling Green's cagers wound up their season Wednesday with a 75-58 win over Western Michigan. The night before the Falcons dropped Loyola of Chicago in a real thriller, 65-63. The two wins boosted the Falcons overall mark to 15-8.

Scoring a total of 42 points in the two games Darrow set a new varsity record for the most points scored by a first year man. He had a total of 508 points and the old record held by Wyndol Gray was 503.

A two man effort of Darrow Falcon five in the game at Loyola as they hit on 24 and 22 points respectively. The Ramblers who needed a win for an at-large bid to the NCAA managed to gain a 31-28 half-time advantage.

Keeping the NCAA bid in mind they came out in the second half and built their lead up to seven points. This lead soon diminished as McCampbell and Darrow put on a two man scoring act that put the Falcons ahead. The Ramblers two points down and in possession of the ball with 20 seconds remaining waited for the final shot,

but it fell short and their NCAA bid went out the window.

The Western game was very close and with 7:15 remaining in the first half the score read 17-17. Then Darrow hit for two and from there the Falcons were never headed. Ed Blair led the Bronco attack with 16.

Clubs And Meetings

HONORARY INITIATES

Recently elected to Sigma Tau Delta, English honor society, was Evron Collins. Miss Collins, a junior in the College of Liberal Arts, was initiated on Mon., Feb. 17, in the auditorium of the Practical Arts Bldg.

OFFICERS ELECTED

Carolyn Rasmus was elected president of Physical Education Majors Club in the election held Thursday, Feb. 20. Other officers are: Carol Sue Jones, vice-president; Terry Curran, treasurer; Judy Cronk, secretary.

SAM ELECTS

The Society for the Advancement of Management has elected new officers for the coming year. They are Don Wangler, president; Paul Riemer, vice-president; Gene Hengsteler, treasurer; and Dave Beckman, secretary.

The next meetings are scheduled for March 6, and April 17, at 7:30 p.m. in the Fine Arts Bldg.

UCF SUPPER

The United Christian Fellowship will sponsor a cost supper at 5 p.m. and a panel discussion, "Summer Service Opportunities," at 6 p.m. Sunday, in the Rec. Hall.

Tickets for the supper may be obtained for 50 cents at the UCF House or from Mary Jane Myrice or Scott Cornelius.

The summer service opportunities to be discussed by the panel include: work camps, both national and international; caravans and institutional work such as hospitals, homes, and reform schools. Panelists are: Mr. Philip Hanni, Shirley Klotz, Donna Remy, and Chuck Smith. Each panelist has had experience in at least one of the areas of service.

UCF LSA RETREAT

United Christian Fellowship and the Lutheran Student Association are jointly sponsoring a spring Lenten retreat at Camp Christian in Magnetic Springs the week end of March 14, 15, and 16.

This will be a Bible study retreat with special emphasis on the Easter story. The cost is \$4.50 for the week end and only 50 persons will be able to attend. Students may sign up for this retreat at the UCF House until March 12th.

The following persons have already signed up to go. They are Esther Seroggy, Paul Kerns, Dave

Clinton, Luanne Johnson, Gordon Gregg, Audrey Doering, Mary Jane Myrice, Dot Smith, Gwendolyn Barnes, Barbara Gaines, Cynthia Clark, Melvia Turner, Eddie Mallory, Chuck Matthews, Mary Lou Reynolds, Jan Dick, Judith Hamann, Bobbi Cruey, Sally Faust, Jeanne Merriman, Sarah Jackson, Sue Sweeney, Romeo Taylor, and Pat Wilson.

GAMMA DELTA SERVICE

Gamma Delta will sponsor the second in a series of student Lenten services Sunday, at 10 a.m. in Prout Chapel.

The service will be conducted by Vicar George Aurich, student pastor. Mr. Aurich will speak on the topic, "The Reason for the Cross".

PRESS CLUB COMMITTEE

The nominating committee for selecting new Press Club officers has been named. It includes Dick Clark, senior representative; Thelma Madden, junior representative; Donna Jean Wharton, sophomore representative; and Walter Johns, freshman representative. This committee will nominate two candidates for each office. Elections will be held in March.

A PHI O PLEDGES

At the Alpha Phi Omega, men's service organization, meeting, held Feb. 25, John Bittner, president, announced that ten men will be initiated into pledgship Monday, March 3.

LSA BIBLE STUDY

The Lutheran Students Association will sponsor a Bible meeting at St. Mark's Lutheran Church Sunday, March 2, at 6 p.m.

The discussion will be led by the Rev. Loyal G. Bishop, pastor of St. Mark's. Afterwards there will be recreation and refreshments.

CHEMICAL JOURNAL

The Chemical Journal Club presented a handbook of chemistry and physics to Oscar R. Ogg for being selected as outstanding freshman chemistry student of the first semester.

This award is given to the club by the Chemical Rubber Co. of Cleveland to be presented to the outstanding chemistry student on the basis of the highest grade in chemistry.

PHI EPSILON KAPPA

Pledges of Phi Epsilon Kappa, men's honorary health and physical education fraternity on campus, have taken their final examinations and will be initiated into the fraternity within the next two weeks.

They have completed their project which was cleaning the trophy cases in the Men's Gymnasium and the Natatorium, said Dick Russell, president of the pledge class. Other officers are Jerry Watton, vice president; Dick Meredith, secretary; and Jesse Parete, sergeant-at-arms.

CCF MEETS

Campus Christian Fellowship, local chapter of Inter-varsity Christian Fellowship, will hold a meeting tonight, from 6:30 to 7:30 p.m., in Studio B of the Practical Arts Bldg.

Theme of the meeting will be the college student's relationship with the missions. The Missionary Committee of CCF will be in charge of the program.

Representatives from the local chapter attended a missionary conference in Detroit, Feb. 22. Twenty-four colleges and universities from Ohio and Michigan were in attendance.

FRATERNITY RUSHING WAS initiated Tuesday evening with a series of open houses. Assisting the Phi Kappa Tau's above are three freshmen girls: Jean Lurch, Sharon Swigart, and Judy Hopplewhite.

Spring Suit Jackets For Males Will Feature Tapered Waistlines

(INS)—Waistlines will be showing in some fashions this year—on men.

That's the chief difference between this year's suit and last year's model, judging from a preview of spring styles to be shown Monday at the 40th annual convention of the national association of retail clothiers and furnisiers opening Sunday in Chicago.

The well-dressed man will be wearing suits in darker colors with natural-line shoulders and slim trousers. The jackets are trim, but also are slightly tapered at the waist.

However, women need not put husbands on diets. The waistline treatment is subtle—nothing like a nipped-in, hour-glass silhouette. And, besides, today's clothiers can tailor in a waistline just as they once gave men broad shoulders.

Other models of new suits go along with the trends in previous years. There is the ivy league look with straight jackets and narrow shoulders. And the California look with shoulders built up slightly and with jackets falling snugly over the hips for a "he-man" appearance.

Only the Italian style is missing. Men simply did not like the short rounded jackets, one clothier explained, and neither did the women who buy most men's clothes.

In suitings, dark hues are the coming colors and the grays, blues and browns which predominate will serve as perfect foils for the hot orange and yellow clothes which fashionable women will be wearing this spring. Subtle stripes are reappearing in deep reddish brown and black, for example.

Generally, the new men's styles are designed to make American men look taller and trimmer.

This goes not only for suits but for topcoats and overcoats, which are being considerably shortened this year. New styles are as short as 42 inches, compared with 45 1/4 inches in previous models. The lengths vary depending on a man's height, of course, but the new models are supposed to stop at about the knee.

Musical To Be Shown

"The King and I" is the campus movie scheduled for Sat., March 8. The movie, based on the well known Rodgers and Hammerstein score, stars Deborah Kerr and Yul Brynner. There will be a showing at 7 p.m. and 9:25 p.m.

Expenditures At Rodgers Totaled

Social fund expenditures for Rodgers Quadrangle for the fall semester totaled \$1,394.69, according to James C. Grimm, head resident.

Rodgers spent \$280.40 on parties. This figure includes what was spent on mixers sponsored jointly by women's and men's residence halls, Grimm stated.

Athletics and scholarship awards amounted to \$197.02. Of this, \$91.57 was spent on athletic trophies. The remainder went for a scholarship plaque and four footballs. The scholarship plaque is awarded annually to the room in Rodgers with the highest accumulative point average.

Expenditures for holidays and special events came to \$364.82. This was spent for decorations and refreshments. Dad's Day took \$34.50 while \$168.46 was spent on cards, outside lights and decorations for Christmas.

Other expenses included \$270.84 for television repair and \$22.28 for such campaigns as Li'l Abner and Key King.

A hi-fi set for the main lounge cost \$237.50.

Miscellaneous expenses for paint brushes and piano tuning was \$21.23.

A balance of \$105.31 was carried over on this semester's social fund.

Two Rooms At Quad Tie For First Place In Scholarship Race

Two rooms with accumulative point averages of 3.66 for last semester have tied for the first Rodgers Quadrangle Scholarship Award, given by the dormitory social committee.

Thomas McKibben and Robert Fearnside in 131, and Donald and Darvin Pegelow in 331 will have their names inscribed on a scholarship plaque. This plaque will be displayed in Rodgers' mezzanine lounge showcase, according to John A. Luccio, assistant head resident.

Regularly \$30 dollars would have been awarded to the winning room, but because of the tie, each man will receive \$10," said Mr. Luccio. This is the first semester the award has been given.

The Pegelow boys, who are identical twins, had identical point averages.

String Quartet Plays For Student Recital

The Toledo String Quartet appeared as guest artists at the student recital auditorium in the Hall of Music Thursday night. Playing in the quartet were Jack Heller, first violin; Joseph Krix, second violin; Bernard Linden, viola; and Seymour Benstock, cello.

These musicians are first-chair players of the Toledo Symphony Orchestra.

Numbers played by the Quartet included Mozart's "String Quartet in D Major," first movement of the "String Quartet" by Samuel Barber, "Opus 10" and the first movement of Brahms' "Quartet in C Minor."
